REVISION TO NAVIGATION INTEREST 05-61

BRIDGE CONSTRUCTION

OHIO RIVER MILE 189.0

Reference Notice to Navigation Interests 05-61 dated 12 September 2005. The completion date has been changed to March 2008 all other pertinent information remains unchanged.

For your convenience, the following is from Notice to Navigation Interests 05-61:

Notice is given that on or about 26 September 2005, Walsh Construction Company will commence bridge construction activities in the main navigation channel and back channel of Blennerhassett Island, on the Ohio River, mile 189.0.

The contractor's floating plant will consist of the M/V RICHARD NEALE, four equipment barges, and 6 material barges. The M/V RICHARD NEALE will be monitoring marine channel 13. Due to temporary structures used during bridge construction, the main channel width will be reduced to 425 feet and the backchannel width reduced to 80 feet. The work will be performed from 7:00 a.m. to 7:00 p.m., Monday through Saturday. It is anticipated that the construction will be completed in December 2007. Walsh Construction Company can be contacted at (304)861-0583.

During non-working hours the contractor's floating plant will be moored at the work site and lighted according to regulation.

Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution.

ARLIE D. BISHOP
Chief, Technical Support Branch
